Dear Neighbor,

Our pet partner, Zuke's, is voluntarily removing Zuke's Mini Naturals training treats from shelves as they did not meet their high quality control standards.

Today, our Pet Supplies Plus stores have removed the products from our shelves. The health and safety of your pets is so important to us, and we want to ensure all our products exceed industry standards.

If you have recently purchased Zuke's Mini Naturals training treats from the list below, and would like to receive a full refund, please contact the store where you made your purchase.

We encourage you to consider trying other Zuke's products that continue to meet quality control standards, such as Puppy Naturals, Hip Action, Lil' Links or Merrick Power Bites training treats.

List of voluntarily removed Zuke's Mini Naturals training treats:
